

Matco Scanning Suite 4.0 Installation Instructions

Go to **www.registermymatcotools.com**, select your product, and click the **Download Scanning Suite 4.0** link. Save the Matco_ScanningSuite_Ver4_Install.exe file to your PC. We recommend saving the file to your **Desktop**. It can be deleted after the installation process is complete.

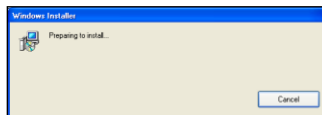

Once the download has completed, double click on the Matco_ScanningSuite_Ver4_Install.exe icon and proceed to next step.

1. Select the language you would like to install and click **OK**.

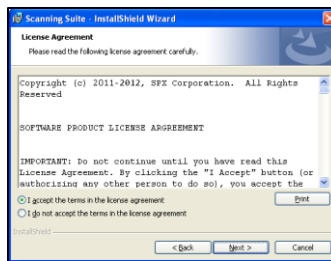

2. Wait for the installation to begin.

3. Click **Next**.

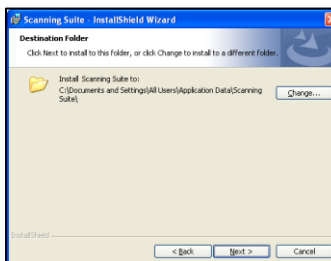

4. If you accept the terms in the license agreement, click the respective bubble and click **Next**.

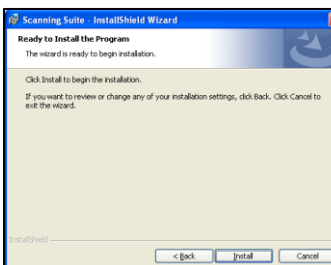

5. The Scanning Suite will install the files in a default location. Click **Next** to continue.

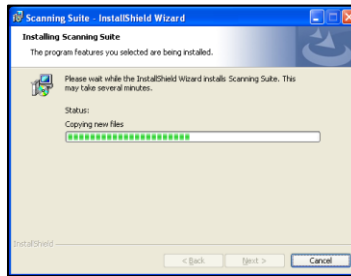

Note: If you prefer to install the files in another location, click **Browse** to choose another destination folder and click **Next**.

6. Click **Install**.

7. Please wait while Scanning Suite is installed.

8. Click **Finish**. The installation is complete.
