

## WBE 4230

Premium Digital Display Wheel Balancer  
1694100245810

**BOSCH**

Invented for life

### Bosch Wheel Balancers Superior Accuracy + Superior Value

#### Designed for:

- ▶ Shop Type: General service/  
High performance
- ▶ Usage: Frequent with full tire size coverage

#### Product Summary:

- ▶ 3D automatic data entry
- ▶ Digital display wheel balancer
- ▶ Weight location intuition eliminates menu selections and saves time
- ▶ Superior Bosch balancing program accuracy to balance it right the first time every time!
- ▶ Fast 6 second cycle time
- ▶ Auto-locking arm puts tape weights in the correct location every time
- ▶ Extended shaft for larger wheel coverage
- ▶ Great value with included high performance mounting accessories

### Features

Easy-Fix Auto Locking Weight  
Positioning arm ensures correct  
weight placement everytime.

Positioning pedal locks shaft to  
eliminate tire roll while applying  
weights

Multi colored enhanced LCD  
display is bright and easy to read.

**Features:**

- ▶ 3D Automatic Data Entry (width, distance, and diameter)
  - Faster setup time!
- ▶ Weight Location Intuition
  - Machine automatically figures out where you will be placing the weights
- ▶ Multiple Balancing Programs and Weight Placement Options
  - Sure to find an option to meet your needs!
- ▶ Enhanced 6 Second Cycle Time
  - Balance more tires per day!
- ▶ Easyfix Auto-Locking Weight Placement Arm
  - Locks the arm in place at correct weight location!
  - Eliminates user error for correct weight placement every time!
  - Customizable manual override at 3, 6, or 12 o'clock positions based on user preference!
- ▶ Robust heavy duty chassis
  - Handles tire and wheel assemblies up to 176 lbs
- ▶ Extended Shaft
  - Allows the use of flange plates to service a greater variety of wheels!

Standard adapter group includes quick mounting nut, a 5 low-taper cone set (1.73" - 5.18"), and distance ring and spacer.

**Includes:**

**Extended centering flange 40mm x 4mm:**

- 510480:** Quick nut 4 mm
- 19020175:** Balancing cone (1.65"-2.54")
- 19020176:** Balancing cone (2.12"-3.13")
- 19020177:** Balancing cone (2.95"-4.39")
- 1695653449:** Light truck cone (3.5"-5.2")
- 1695655316:** Light truck spacer
- 1695655839:** High Taper Truck Cone
- 1695629400:** Manual vernier caliper
- 1695606500:** Weight pliers
- 1695652870:** Width caliper
- 1695654377:** Calibration weight
- 1655616500000:** 4" Pressure Cup

**Specifications:**

- ▶ Rim width capacity 1"-24" manually, 1"-21" automatically
- ▶ Rim diameter capacity 6"-40" manually, 12"-30" automatically
- ▶ Max wheel diameter 47.25"
- ▶ Max wheel weight 176 lbs
- ▶ Footprint (width x depth x height): 50" x 54" x 66" (with wheel cover closed)
- ▶ Power: 220V 60 Hz single phase
- ▶ Warranty (1 yr. parts/3 yrs. motor/6 mo. labor)

**Optional Accessories:**

- 169940011035E:** 9 piece low taper collet set (2.07"-4.76.")
- 19020175:** Balancing cone (1.65"-2.54")
- 19020176:** Balancing cone (2.12"-3.13")
- 19020177:** Balancing cone (2.95"-4.39")
- 1695653449:** Light truck cone (3.5"-5.2")
- 1695655316:** Metal distance ring
- 1695654895:** Polyamide spacer (Required with 1695655316 Metal distance ring)
- 19020139:** Ford and GM centering collet
- 1695606200:** Nylon double sided spacer
- 1695606300:** Double sided light truck cone (4.72"-6.77")
- SM606500:** Light truck double sided cone and nylon spacer kit
- 1695654849:** Light truck cone set and spacer disc
- 1695653420:** three arm flange for light trucks
- 1695653888:** Large diameter quick nut cup
- 1695624800:** Small diameter rubber cup
- 169940000335E:** Lug-Centric quick plate kit – Includes 4,5,8 Lug quick plates, quick tips and adaptor tree
- 169900820535E:** Adaptor storage tree
- 169900091935E:** 4 piece fixed flange plate kit
- 1695654039:** Basic motorcycle wheel centering kit
- 1695654060:** Motorbike wheels centering kit and 19 mm shaft
- 1695654994:** Positioning laser with light

**Recommend Adapter:**

SM606500 Light truck double sided cone and nylon spacer kit (4.72"-6.85")

**169940011035E:** 9 piece low taper collet set (2.07"-4.76.")
