

OTC'S BETTER BALL JOINT PRESS

PATENTED SECURE-LOCKING ADAPTERS HOLD IN PLACE FOR EASIER R&I

GET A KIT, OR BUILD YOUR OWN WITH AN EXTRA-LARGE C-FRAME AND 25 ADAPTERS TO CHOOSE FROM

CA6636

- Extra-large connected C-frame
- Coated forcing screw for durability and longevity
- Connected forcing screw plug
- Flat-top forcing screw plug for use with existing adapters
- Buy only the adapters you need and use your current ball joint kit adapters

CA7149

- Includes CA6636
- 7 connected adapters covering 230+ vehicle models
- Select from 18 additional connected adapters to build your custom kit

CA6630

- Includes CA6636
- 25 connected adapters covering 600+ vehicle models
- Illustrated manual and application guide with vehicle diagrams and part numbers

Easier to handle: Patented connection and adapter design uses spring-loaded stainless steel ball bearings to securely attach all cups and adapters to the C-frame

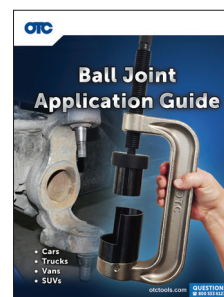

Master kit for more coverage: 25 cups and adapters work on more than 600 vehicle models

Backwards compatible: Works with most OTC ball joint kits, cups and adapters

Faster to use: Locking cups and adapters set up faster on the vehicle and leave one hand free

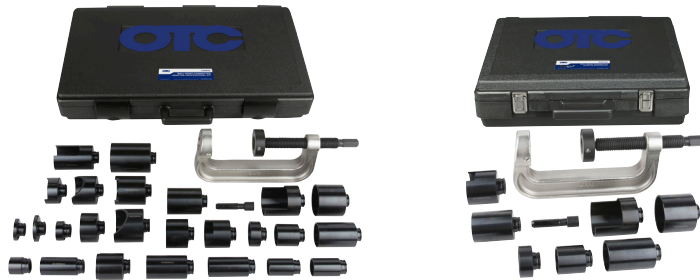

Hassle-free: No O-rings or removable fasteners to lose, damage or replace

Multi-function: For R&I of ball joints, U-joints, wheel studs and more

Illustrated manual and application guide with vehicle diagrams and part numbers
Included with CA6630

MAKE ROOM IN YOUR TOOLBOX FOR CA6630 OR CA7149
