

# FASTER R&I ON SINGLE- AND DOUBLE-WRAP HEAVY-DUTY SUSPENSION BUSHINGS

## 4247-FR SUSPENSION BUSHING KIT WITH PUMP

- For on-vehicle R&I of single-wrap and double-wrap heavy-duty rear suspension bushings
- Hendrickson rear suspensions including: Primaax EX, Comfort Air and FCCC V-Ride (TM) Pivot and D-Pin suspension bushings
- Freightliner rear suspensions including: Double and single-wrapped FAS II Airliner rear suspension bushings
- Includes Air/hydraulic pump, 25-ton hydraulic cylinder, hose w/ couplers, complete puller leg/plates, and adapter set for double-wrap leaf springs

## 4254-FR SUSPENSION BUSHING ADAPTER KIT

- For on-vehicle R&I of single-wrap and double-wrap heavy-duty rear suspension bushings
- Hendrickson rear suspensions including: Primaax EX, Comfort Air and FCCC V-Ride (TM) Pivot and D-Pin suspension bushings
- Freightliner rear suspensions including: Double and single-wrapped FAS II Airliner rear suspension bushings
- For use with OTC service sets; 4247, 4275, 4261, or 4263 with 4106A 25-ton ram

## SINGLE- AND DOUBLE-WRAP SUSPENSION TOOLS

- Replace rusted and frozen heavy-duty suspension bushings faster and easier
- Makes quick work of Pivot and D-pin bushing R&I, saving hours on each job
- Patented design mounts to spring, so techs are free to use both hands while working
- Includes centering adapters to align tool and bushing for clean installation

4247  
 4246 (Same as 4247 without  
 2510A air/hydraulic pump)

4250

4275  
 4274 (Same as 4275 without  
 2510A air/hydraulic pump)

**REAR SUSPENSION**

- Patent-pending design is suspension-mounted, eliminating the need to hold the tool during operation.
- Save time and effort during suspension service to get trucks back on the road faster.
- Included adapters align tool with the suspension to ensure proper bushing installation and reduce the chance of misalignment and bushing damage.
- Includes an OTC 4106A 25-ton single acting cylinder.

**4246 HENDRICKSON REAR SUSPENSION BUSHING TOOL KIT.**  
 Remove and install Hendrickson PRIMAAX EX, COMFORT AIR, FCCC V Ride™ Pivot and D-Pin Bushings.

**4274 HENDRICKSON FRONT SUSPENSION BUSHING TOOL KIT**  
 Remove and install Hendrickson PACCAR Monoleaf, Navistar Monoleaf, Volvo Monoleaf suspension Pivot Bushings.

**4247 HENDRICKSON REAR SUSPENSION BUSHING MASTER KIT WITH PUMP**  
 Includes 4246 and 2510A air/hydraulic pump for faster service

**4275 HENDRICKSON FRONT SUSPENSION BUSHING MASTER KIT WITH PUMP**  
 Includes 4274 and 2510A air/hydraulic pump for faster service

**4250 HENDRICKSON ADAPTER KIT FOR FRONT SUSPENSIONS**  
 Use with 4246 or 4247 to remove and install Hendrickson PACCAR Monoleaf, Volvo Monoleaf suspension Pivot bushings

**4254 HENDRICKSON ADAPTER KIT FOR REAR SUSPENSIONS**  
 Use with 4274 or 4275 to remove and install PRIMAAX EX, COMFORT AIR, FCCC V Ride(TM) Pivot and D-Pin Bushings

4263  
**SUSPENSION BUSHING TOOL**

- Suspension bushing tool used to remove and replace suspension bushings. The hydraulic cylinder and press plate assembly mounts to the suspension component or leaf spring for hands free operation and eliminates the need to hold heavy equipment. Used in conjunction with the bushing adapter sets designed to fit specific bushings and suspension components.
- Includes an OTC 4106A 25-ton single acting cylinder.

4261  
**HENDRICKSON FRONT SUSPENSION BUSHING TOOL**

- Suspension bushing tool kit used to remove and replace the leaf spring bushings on Hendrickson Airtek NXT front suspensions found on Freightliner Cascadia vehicles. The hydraulic cylinder and press plate assembly mounts to the leaf spring for hands free operation and eliminates the need to hold heavy equipment. Press plates and bushing adapters are specifically designed to fit the front leaf spring and bushing.
- Includes an OTC 4106A 25-ton single acting cylinder.

4255  
**HENDRICKSON AIRTEK NXT BUSHING ADAPTER KIT**

- This adapter kit is used in conjunction with the 4263 Suspension Bushing Tool to remove and replace the leaf spring bushings on Hendrickson Airtek NXT front suspensions found on Freightliner Cascadia vehicles. Plate, adapters and cups make bearing removal and installation faster and easier than other methods.
- Plate, cup and adapters specially designed to fit Airtek NXT front suspension
- Included adapters and cups allow bushing to be pressed out and new bushing to be pressed in
- Adapters aid with installation to help ensure a straight, clean installation of vital suspension bushings
