Fuel Injection Fitting Update Kit

This kit is designed to upgrade an existing No. 6550 Master Fuel Injection Service Kit to a No. 6550PRO.

**No. 6550
 Master Fuel Injection Service Kit
 (existing kit)**

**No. 6550UPD
 Fuel Injection Fitting Update Kit
 (upgrade kit)**

Contents of No. 6550UPD

In tray cavities:

Adapter No. 45	(549578)
No. 46	(549579)
No. 62	(528767)
No. 63	(528768)
No. 64	(528769)
No. 65	(528766)
No. 82	(549598)
No. 83	(549596)

In bag:

Adapter No. 28	7666
No. 29	(567840)
No. 59	(528770)
No. 60	(528771)
No. 61	(528772)
No. 84	(549597)
(2) Hex Hd. Cap Screw	210420
(2) Hex Hd. Cap Screw	14513
(1) Application Guide	6550MAN-12
(1) Rep. Parts Guide	550333
(1) Decal	551135

1. Remove the packaging from the 6550UPD update kit. Set aside the application guide (No. 6550MAN-12), the replacement parts guide (No. 550333), and the 6550PRO outside lid decal (No. 551135). Discard the foam pad.
2. Remove the tray from your existing No. 6550 kit, and set it aside for now.
3. Remove the bag of adapters from the gauge cavity in the update kit, and place them into the bottom of the existing storage case.
4. Place the removable tray from the update kit into the bottom of the existing storage case.
5. Remove the gauge from the existing tray, and place it into the gauge cavity in the update tray. Discard the cardboard spacer.
6. Remove adapters from the existing tray, and place them into corresponding cavities in the update tray.
7. Remove any accessories from the existing tray, and place them into the storage cavities in the update tray. Discard the old tray.
8. Place the laminated replacement parts guide in either the top or the bottom of the storage case.
9. Close the storage case, and apply the new 6550PRO decal over the existing 6550 decal. *Note: You may wish to remove the old decal instead.*
10. Store the application guide in a handy place for quick reference.
