

AUTOSCANNER®

Introducing the next generation of scan tools. Get the power and features of a Professional Grade scan tool at a code reader price!

Now, more affordable than ever for LIVE data. Live Data allows the user to view vehicle sensor, switch and relay inputs in real time, while the engine is running. This information helps pinpoint the problem components for a faster diagnosis.

Includes the ability to display generic and manufacturer specific codes and definitions, 6 modes of OBD II data, trilingual, freeze frame, State OBD check (emissions), drive cycle mode and more.

GENERAL BENEFITS:

- Convenient size, can operate with one hand
- Diagnose and maintain vehicle
- LIVE real-time data
- Over 15,000 generic and manufacturer specific code definitions
- Compatible with ALL 1996 and newer vehicles (OBD II & CAN)
- Reset MIL and turn off Check Engine Light
- Backlit display
